

**Note:** The second idea was taken for GitHub folder structure

## First Idea

Team OE - EUROBOT

- Hardware
  - Movement
    - PCB Schematics
    - Embedded Software
  - Communication
    - PCB Schematics
    - Embedded Software
  - Servo
    - PCB Schematics
    - Embedded Software
  - Dashboard
    - PCB Schematics
    - Embedded Software
  - Sensors
    - PCB Schematics
    - Embedded Software
- Software
  - C#
    - Main Application
    - Movement Test Application
- Mechanics
  - 3D models
- Documentation

## Second Idea

Team OE - EUROBOT

- Hardware
  - Boards
    - Movement
      - PCB Schematics
    - Communication
      - PCB Schematics
    - Dashboard
      - PCB Schematics
    - Sensors

- PCB Schematics
  - Servo
    - PCB Schematics
- Software
  - MASTER Applications .NET
    - Main Application
    - Movement Test Application
  - Embedded Software
    - Movement
    - Communication
      - Bluetooth communication
    - Servo
    - Dashboard
    - Sensors
      - Ultrasound HC-SR04
      - Ultrasound Orange
- Mechanics
  - 3D models
- Documentation
  - Orders
